Ingalls McAllister and family of Oxford are at home to do the haying on their place, here.

Walter Canwell has a small flock of sheep, which run in the pasture near the house. Mr. Canwell gets them to the barn every night and puts them back in the morning.

The head and shoulders were left, but the hind quarters had been eaten by something, thought to be a bear. Evidently it was something as large to be able to hold so much mutton at one meal.

a Million

SIX CYLINDER CHEVROLETS

on the road in less than eight months!

Less than eight months have elapsed since the first Chevrolet Six was delivered into the hands of an owner—and already there are more than a million six-cylinder Chevrolets on the road! And the reasons for this overwhelming success are easy to understand.

Into a price field that had hitherto been occupied exclusively by four-cylinder cars—Chevrolet has introduced a six-cylinder car of amazing quality and value. Not only does it offer the smooth, quiet, velvety performance of a great six-cylinder valve-in-head motor—but, from every standpoint, it is a finer automobile than was ever before thought possible at such low prices! Its

beautiful new bodies—which are available in a variety of colors—represent one of Fisher's greatest style triumphs. And its safety and handling ease are so outstanding that it's a sheer delight to sit at the wheel and drive. In fact, the new Chevrolet Six has completely changed every previous idea as to what the buyer

of a low-priced car now has a right to expect for his money.

You owe it to yourself, as a careful buyer, to see and drive this car. For it gives you every advantage of a fine six-cylinder automobile—in the price range of the four and with economy of better than 20 miles to the gallon! Come in today!

Mr. Scout of South Paris added a new light and number plate, 109-712 to his car. He said the articles were found on the sawdust pile on Prospect Street just off Nichols Street in South Paris.

Attorney William J. Flanagan of South Paris was not to serve papers on the Advertiser, rather to announce his intention of entering the papers as a candidate for reelection to the Republic of South Paris. Flanagan has proved himself an official and terror to evil doers.

Mr. Flanagan was the meteoric display in the Advertiser's office. Astronomers should witness the annual display of the comet. It took the comet to school, but doubtful if it was the comet. SWEET SINGERS COMING WITH VAN ARNAM'S MINSTRELS

After all is said and done, what would a minstrel show be without "The Singing Party"? This year Van Arnam's Minstrels are carrying soloists recognized in the minstrel world by every patron who has visited minstrel shows in the last decade.

Lee Gouder and Billy Burr, tenors, have long been recognized as the greatest of minstrel tenors. Karl Minch, our "bass" has a country wide reputation of years standing. Carl Graves and Billy O'Brien are baritone, but have fine, true voices of wonderful power.

These singers are real minstrel vocalists and have spent years with the two greatest minstrel organizations "Al. G. Fields" and "Neil O'Brien."

Many of the latest songs will be heard but the wonderful old time ballads of yester year have not been forgotten.

Van Arnam's Minstrels will appear at Association Hall, South Paris, Tuesday, Aug. 20th. Seats are now on sale at Howard's Drug Store.

Modern conveniences will be installed for the convenience of a large class of piano pupils.

The Norway "Rattlers" battled Locke's Mills in a game of baseball last week. Several of the rattlers' "stars" were unable to play and a few "green" men were drafted into service to fill the open spaces. Among these were one "Cappy" "Red" "Smith" "Smith" "Smith" to relate, it was due to his many laughable, although serious errors, that the "Rattlers" lost the hard fought game by one lone run. Final score 11-10.

"Cappy" is the new manager and entered the game without practice as a substitute.
